Downtown Barnesville Walking Tour

Barnesville was a major feature location for the HBO production of Sharp Objects, a new television limited series based on the book of the same name by Gillian Flynn. Barnesville was transformed into the fictional town of Wind Gap, Missouri!

Join our [Wind Gap, Missouri](#) facebook page for updates and insight into this series!

Parking is free and consider parking in one of the larger lots near the Welcome to Wind Gap mural on Market and Main Street.

The best Selfie Spots are near any of the murals—Tire Mart, Cherry Pie, and Welcome to Wind Gap.*

Stop by any of our downtown merchants and eateries or take a look at some of the shops and you'll surely hear stories of their experience during filming.

Most of all, have fun and share your pictures with your friends and on our Wind Gap, Missouri Facebook Page!
