## Grain Craft

[Grain Craft](#) was created in May 2014 by combining three of the nation's top independent flour milling companies - Cereal Food Processors, Milner Milling, Inc. and Pendleton Flour Mills - to become the 3rd largest U.S. flour miller.

[Chattanooga, TN. - June 21, 2022](#) - Grain Craft, the largest independent flour miller in the nation, announced today that its parent company has entered into a definitive agreement for

Grain Craft to be acquired by Redwood Capital Investments, LLC. Transaction terms were not disclosed.

Based in Baltimore, MD, Redwood Capital Investments is a permanent holding company with a demonstrated track record of investing in long-standing family-owned businesses across various industries.

### Milner Milling-Lamar County

Headquartered in Chattanooga, TN, Milner Milling offered mill locations in Barnesville and Rome, GA, as well as Birmingham, AL. Combined with sister company PFM, Milner was the 7th-largest flour miller in the U.S. and supplied bulk and bag flour to a diverse range of food manufactures and foodservice customers.

Milner Milling strongly believed that people, not buildings or equipment, determined whether an organization would succeed. By living up to this philosophy every day, Milner Milling created a customer-centered, can-do culture that still lives on through Grain Craft.

The company manufactures flour for use in cookies and pastries, breads, pizza doughs, hotel and restaurant specialty flours, wheat products, cake flours and more!
